

### Keio Bobble Ball Too and Francisco Barney Joy Has Easy Time Winning His Game.

(From Sunday Advertiser.)  
ST. LOUIS 14, KEIO 3.

Keio was handed a lovely package at the St. Louis aggregation yesterday afternoon, the St. Louis aggregation deprecating the fact that the fourteen times while the best the players could do was to do a little decorating on three occasions.

St. Louis drew the right to bat last and the Keio took up the war club with a determination to annihilate the King. Barney, though, had something on the ball, for Miyake flew out to right and Koshimoto and Takahama fanned. For the Saints, Zerbe went out on a long fly to center. Aylett went out as a third strike and the ball went to center for a single in front. "Buck" Hughes, next to the bat, fanned, and the next batter, Mori, fanned. Aylett failed to get under, and he fanned, but he could get the ball back to the infield. Aylett was over the plate and "Buck" was at third. Barney hit to Miyake and he smiled "Buck" at the plate. Williams walked, but Peterson fouled out and the inning was over.

In their half, Keio gathered two and the St. Louis men long. Sugase gathered a hit and moved to second on a neat sacrifice by Mori. Tognashi fanned, and then Barney cut in with a wild pitch, with Sassa at the bat. Sugase going to third. Sassa was then safe on Aylett's poor toss to first. Sugase scoring. Mori popped up one behind second which Peterson just did get his hands on, but missed Sassa scoring. Mori got as far as third when Peterson threw wildly to the plate, but Aylett fanned.

With the close of the second round, the Saints had the game under lock and key. Schuman opened with a single and Johnson followed. Johnson then took the bat, and when Sugase made a wild pitch the men on base advanced. Two batters to left from Johnson's hit, scored both runners. He fanned at second while Zerbe and Aylett went out. Hughes singled, sending Johnson to third, and when Mori fanned to block Tognashi's pop Johnson scored. Buck going to third. Joy took a walk, and when Williams singled Buck scored and Joy went around to third base. He kept right on to the plate, though, when Mori fanned to block a throw from the outfield. Peterson ended the inning with a pop-up to second base, and then the man at the gong gave it five claps.

A couple of errors, with a base on balls, gave the Saints one in the fourth, and a hit-a-sacrifice, an error and an out gave them another in the sixth.

### Fourth Is Lucky.

Peterson fanned off in the seventh with a single to left, and Johnson did like wise after Schuman had popped out to Miyake. Johnson then poked a double to left, scoring Peterson, with Johnson going to third. Zerbe's single scored Johnson and Johnson, he going to third on a wild pitch. Miyake's host of Aylett's poke put Zerbe over the plate. Hughes then got one through an error of Johnson, and while Tognashi was throwing Barney cut at first on his hit to right, Aylett and Buck scored. Williams ended the agony for the Keio by striking out.

In the ninth Keio got one more run. Sugase was safe on an error by Johnson, went to second on a wild pitch, stole third, and then came home on Tognashi's fly to left after Mori had walked. Sassa, next up, popped out to Schuman, while Mori fanned, and the game was over.

SCHOFIELD BARACKS, May 31.

A peculiar accident occurred in yesterday's fifteen-inning drawn baseball contest between the

Fourth Cavalry and the Twenty-fifth Infantry, when Kirby, who

was pitching for the troopers broke his arm while delivering the ball.

He did not come in contact with anything, simply snapped the arm

off above the elbow. He was taken to the post hospital to have

the broken bone set.

Another odd accident occurred a few days ago in the game between the First Field Artillery and the

Keio University team in Honolulu, when Miller, the Artillery short,

stomped, seeped up a ground ball and in throwing to base struck

his elbow against his knee in making an underhand pop, breaking

the elbow.

### Home Run by Asahi's Rightfielder Is Responsible for Four Runs in First Inning.

(From Monday Advertiser.)  
ASAHI 6, KEIO 1.

Keio took another beating at the Miffill Field yesterday, the Asahi turning the trick by a score of 6 to 1. It was simply a case of the little brown men of Oahu outplaying and outbating the little brown men from far off Japan. Yet let it be said, Kimishima's crew is a mighty crippled one and pitchers are as scarce with him as are new teeth.

Opening the last half of the first inning on the mound for the invaders was a youth named Okano and that one inning put him in the also run class, in fact in this round Abe's bunch clinched up the game as far as the final result was concerned. Okano started well but two errors put Araki at second. Koshimoto bobbled a hit and then Sassa dropped a throw trying to catch Araki looking at first. Nishi next up, received a pass and the poor handling of Kuriaki's hit which Okano threw late to third trying to head off Araki, filled the bases.

Yamashiro, next to the bat took one healthy swing at the first ball pitched and the bat gave the pellet carried out to the leftfield fence. Araki, Nishi and Kuriaki crossed the plate in safety and in the race between the ball and Yamashiro to see which would reach the rubber first, Yamashiro won by a hair. It was a beautiful home drive and gave the Asahi a lovely lead then and there. Yamashiro followed Yamashiro with a hit, but S. Uyeno popped out to short. Kuriaki popped out to right and Mori popped out to Okano and the inning was over.

### Two More In Fifth.

Abe's crew gathered again in the fifth inning. Nishi first up was passed to first by Hirai who had relieved Okano. Kuriaki poked a double to left and then Moriama scored his team mates with a sharp single to centerfield. In the seventh, with two out and Yamashiro at second, after his hit and another by S. Uyeno, went to sleep and shortstop Mori staged the old hidden ball trick, catching Yamashiro a force out. Hirai followed Yamashiro with a hit, but S. Uyeno popped out to short. Kuriaki popped out to right and Mori popped out to Okano and the inning was over.

### Keio Weak With Stick.

As a pitcher, Moriama was all to the good yesterday and the best the Keio could get was a double to the opening round by Abe and a single in the ninth by Mori. A pass to Takahama in the fourth and errors by Komeya and Araki allowed the Keio left fielder and then catcher, to cross the plate, catching Yamashiro a force out. Hirai followed Yamashiro with a hit, but S. Uyeno popped out to short. Kuriaki popped out to right and Mori popped out to Okano and the inning was over.

### LARGE CROWD WITNESS NAMING OF NEW BOATS

Impressive ceremonies featured the launching of the six-oared barge and the pair-oared barge at the Myrtle Boat House yesterday morning.

It is generally accepted that no launching ceremony is over complete, or even in good form, without the presence of the fair sex. In this respect the Myrtle Boat Club was exceptionally fortunate at the launching of their new six-oared racing barge and pair-oared boat yesterday morning in having present an unusual number of charming ladies, all loyal supporters of the club and the club pennant, and on behalf of Colonel and Mrs. Johnson, the pair-oared boat, which was named the "Pearl O." Cheers being again in order, Colonel and Mrs. Johnson and Miss Conant were accorded three of the best, which the boys did full justice to.

At precisely half-past ten o'clock, Captain Crozier having had the barge brought to the water's edge, President Ferdinand Schneck in a few well-chosen words congratulated Charles A. Brown's loyalty to the club, extending over a period of many years, and called upon Mrs. Brown to name the boat which Mrs. Brown's generosity had, in a great measure, brought into being.

Boat for Mrs. Brown. Mrs. Brown then stepped forward and was the recipient of a handsome bouquet of red and white carnations from President Ferdinand Schneck as well as a beautiful club pennant inscribed with the name of the boat.

The latter Mrs. Brown placed in the bow of the barge saying "I christen thee Gertrude L. and trust that you will always carry the club colors to victory."

As the boat took to the water Mr. and Mrs. Brown were the recipients of a most cordial ovation from all present and the cheers that greeted Mr. and Mrs. Brown and the barge, could be heard a mile away.

A husky crew, comprised of the following, named the "Gertrude L." on her first spin: A. B. Vierra, No. 1; G. D. Center, No. 2; H. Gramberg, No. 3; A. D. Shaw, No. 4; Arthur Parker, No. 5; Frank A. Becht, stroke; Luther Hough, coxswain.

### Comment Is Favorable.

As the boat left the clubhouse, favorable comments were heard on all sides as to her beautiful lines and shallow draft.

### Win and Lose with Solons While Hogan's Team Does Likewise with Oaks.

### PUNAHOU PUPILS EXHIBIT SKILL

Children Give Splendid Program of Exercises for Benefit of Parents.

Punahou parents, patrons and friends, a large and representative audience of whom attended the annual Parents' Day on Friday, witnessed for the first time the sight of nearly five hundred Punahou children executing their physical culture exercises on the campus lawn in front of Charles H. Bishop Hall. The high scholarship standard demanded at Punahou has always been well known, but this emphasis on physical education also is a more recent development. That it is being well handled by Mrs. Driver, who for a year and a half has had charge of the out-of-door daily work, was evidenced by the splendid presentation.

At first types of exercises with small class-groups which introduced the play element were shown. The little tots of the first grade enjoyed their folk dances as much as the spectators, and the fifth graders were particularly good in their number.

The heartiest applause of the spectators, however, followed the en masse drill of the primary and grammar departments, which showed what was actually being done day by day, and was for a special occasion only, to develop more perfect bodies, enlarge lung capacity and secure correct position. The precision and accuracy with which all the movements were performed (called for much favorable comment).

Another feature of the out-of-door program of special teachers was the singing of patriotic songs—"America," "Columbia the Gem of the Ocean," "Dixie" and "Star Spangled Banner"—by the school under the leadership of Miss Wendt.

The reception followed the conclusion of the special program, and exhibits of regular and special work were shown in every classroom and in the hallways. A noticeable feature of the exhibits was that an evident effort had been made to place on exhibition types of work done by every pupil throughout the whole year.

The emphasis on English was apparent from the excellent, well-written recitations of the first grade to the attractive bound commencement essays of the graduating class.

The development of originality, as opposed to mere copying, appeared in all lines, especially in the drawing. The art work of Miss Wilson elicited commendation on all sides for this particular feature, and it was noticed all through the grades in the exhibits of history and geography.

The steadily increasing interest among the children in handwork was noted in every room in articles made in school and out of school. This construction work embraces all sorts of material, especially paper, clay, putty and wood, and was a surprise to many who did not know what the school is doing in this line of work.
